

Crochet shawl

A beautiful shawl based on an old but simple pattern - warm and good in these unstable weather times. Also beautiful on a dark winter coat.

The shawl can be varied infinitely with the same procedure. Yarn thickness, color, yarn type, etc. determines the expression.

See more below if you are curious and want to know more.

You will need:

2 skeins of kauni yarn. Possibly 3 keys if it is to be a large shawl.

Crochet hook no. 3.5

You do this:

I got the inspiration www.garnstudio.com and the link can be downloaded here: [Crochet shawl](#)

You can crochet the shawl in different yarn types and thicknesses.

The shawl can be the size you want - just continue with the procedure until you think the shawl is the right size - or until you run out of yarn.

KNITFREAK . COM

The diagram in the link describes the procedure - both with text and with a diagram.

A good basic model for a shawl - which can be varied endlessly with colours, yarn choice, yarn thickness.....The procedure will always be the same, as the shawl is crocheted "from the inside out".
